This issue is an update from the Goring & Woodcote Medical Practice on Covid-19 Vaccinations.

### Goring & Woodcote Medical Practice

#### Covid-19 Vaccinations

Across the country, COVID-19 vaccinations are being offered to everyone over the age of 70 and those who are clinically extremely vulnerable. So far, most patients vaccinated by us have received their vaccination at the surgery or Wallingford Community Hospital.

To speed up vaccinations being given, mass vaccination sites are opening up and some pharmacies are offering the jab; these are being managed nationally. Letters are being sent directly to patients who meet the current criteria. If you receive one of these letters it will provide the information you need to book your vaccination at one of these sites. You will be able to do this by phone or online. **This may mean you get your vaccination sooner, but you may need to travel further.**

If you prefer, you can wait to be contacted by the Practice and have your vaccination at the surgery or Wallingford Community Hospital. We are making really good progress and expect all patients over 70 to have had their vaccination by mid-February. Whichever option you choose, it is important to be aware that **you will need to have your second dose at the same place where you had your first dose and this cannot be changed.**

### Vaccination Fraud
